RE: Notice of Data Breach, <<Company>> <<Client\_def1>>

Dear <<Name 1>>:

4A's Benefits is writing to notify you of a recent security incident that may impact your personal information. 4A's Benefits provides administration and record keeping services for retirement plans offered by its member agencies. Although we are unaware of any actual access or attempted misuse of your information, we are providing you with information regarding the incident, steps we have taken since discovering the incident, and what you can do to protect against identity theft should you feel it is appropriate to do so.

**What Happened?** 4A's Benefits determined that a 4A's Benefits employee's email account was subject to unauthorized access between the dates of December 6 and December 12, 2017. The available forensic evidence was unable to confirm what, if any, emails were subject to unauthorized access during that time. Therefore, in an abundance of caution, a vendor was retained to undertake an extensive and time-consuming review of the contents of the impacted email account to see whether it housed any protected information. On October 1, 2018, 4A's Benefits was provided with a list of potentially impacted individuals whose protected information was found within the email account. On November 29, 2018, 4A's Benefits mailed notice to your employer/former employer and received permission to provide you with this notice.

**What Information Was Involved?** The information related to you stored within the impacted email included your name, address, social security number, and possibly your date of birth. The forensic investigation was unable to confirm if your personal information was accessed by an unauthorized actor. We were only able to confirm that your information was found within the email account subject to unauthorized access.

**What We Are Doing.** 4A's Benefits has no indication that any fraud has resulted from this incident. We have security measures in place to protect the data on our systems and we have placed additional safeguards and conducted internal employee training in response to this incident. We are offering you free credit monitoring services and identity restoration services through TransUnion.

As a safeguard, we have arranged for you to enroll, at no cost to you, in an online, three-bureau credit monitoring service (myTrueIdentity) for one year provided by TransUnion Interactive, a subsidiary of TransUnion,<sup>®</sup> one of the three nationwide credit reporting companies.

## Steps You Can Take to Protect Against Identity Theft and Fraud

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

[www.equifax.com/personal/credit-report-services](http://www.equifax.com/personal/credit-report-services)

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended “fraud alert” on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
