"Motor Home" as used in MCA 61-1-101 means a motor vehicle designed to provide temporary living quarters, built as an integral part of or permanently attached to a self-propelled motor vehicle chassis or van, containing permanently installed independent life support systems that meet the ANSI/A119.2 standard and providing at least four of the following type facilities (check all that are in this motor home):

- Cooking, refrigerator or icebox
- Potable water supply system, including a faucet and sink
- Self-contained toilet
- Heating or air conditioning, or both
- Separate 110-volt or 125-volt electrical power supply or a liquefied petroleum gas supply, or both

This motor home meets ANSI/A119.2 standards.

I certify under penalty of law (MCA 45-7-203 Unsworn Falsification to Authorities) that:

- The statements made on this form are true and correct to the best of my knowledge, information, and belief
- I am the person named on this form
- If signing for a business entity or trust, I have full authority to do so
- This motor home meets the above standards
- If the GVW or the manufacturer's rated capacity is 26,001 or over, and the vehicle is used in commerce, I understand the vehicle is considered a commercial motor vehicle per MCA 61-1-101
