Re: Notice of Data Breach

Dear <<Name 1>>:

We value your business and respect the privacy of your information. Aetrex Worldwide, Inc. (“Aetrex”), is writing to let you know about a recent event that may have impacted the privacy of some of your payment card information. We want to provide you with information on the event, the steps we have taken to protect you, and steps you may take to better protect against the possibility of fraud, should you feel it is necessary to do so. This notice does not apply to telephone or non-Internet orders.

What Happened? Aetrex recently was contacted by representatives of the credit card industry regarding potential fraud related to a small number of credit/debit cards that were used on our website. We immediately launched an internal investigation and hired third-party forensic investigators. We determined that an unauthorized third-party was able to insert a malicious code into our website to obtain customer payment card information entered into our website between June 22, 2018, and November 20, 2018, and during a few hours on December 4, 2018, possibly impacting our customers whose payment card information was used during these time periods. On or around December 17, 2018, we confirmed the identities of the individuals whose payment card information may have been impacted.

What Information Was Involved? The information potentially at risk as a result of the event includes the cardholder’s name, address, credit card number, expiration date, and CVV.

What We Are Doing. We take this incident and the security of your information very seriously. We removed the unauthorized code that led to the vulnerability and implemented additional security measures to reduce the likelihood of a similar incident from happening in the future. We are providing this notice to those who may be affected so that they can take steps to prevent against possible fraud, should they feel it is necessary to do so. We will also notify any required state regulators and the credit reporting agencies about this incident.

What You Can Do. You can find out more about how to protect against potential fraud in the enclosed *Steps You Can Take to Better Protect Your Information*. We encourage you to remain vigilant against incidents of fraud by reviewing your credit/debit card account statements regularly and keeping a close eye on your credit card activity. If you see any suspicious activity, please report it to the bank that issued your credit card.

For More Information. If you have additional questions, please call our dedicated assistance line at 877-231-0954, Monday through Friday, from 9:00 am to 9:00 pm, Eastern Time.

We sincerely regret any inconvenience or concern this incident has caused.

Sincerely,

Brad Kinnas
Vice President E-Commerce & Digital Marketing

STEPS YOU CAN TAKE TO BETTER PROTECT YOUR INFORMATION

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended “fraud alert” on your file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
