RE: Notice of Data Breach

Dear <<Name 1>>:

<<Company>> is writing to notify you of an incident that may affect the security of your personal information. We are providing you with information regarding the incident, steps we have taken since discovering the incident, and what you can do to protect your personal information should you feel it is appropriate to do so.

What Happened? On September 14, 2018, we became aware of unusual activity in an employee’s email account. We immediately launched an internal investigation into the unusual activity. With the assistance of computer forensics experts, we learned <<Company>> was the victim of an email phishing incident which resulted in unauthorized access to a number of employees’ email accounts between June 7, 2018 and September 24, 2018. After determining there was unauthorized access, we undertook a lengthy and labor-intensive process to identify the personal information contained within the affected email accounts. On November 28, 2018, our investigation confirmed the identity of the individuals whose personal information was affected. Based on available forensic evidence, an email containing your personal information was potentially subject to unauthorized access. Although we are unaware of any actual or attempted misuse of your personal information, we are notifying you in an abundance of caution because your information was present in the impacted email accounts.

What Information Was Involved? We cannot confirm if your information was actually accessed by the unauthorized individual. However, our investigation confirmed the information present in the impacted email accounts includes your name, <<Data Elements>>.

What We Are Doing. Information privacy and security are among our highest priorities. We have strict security measures in place to protect information in our care. Upon learning of this incident, we quickly took steps to confirm the security of our systems, including our employee email accounts. We reset passwords for the affected email accounts, implemented increased security measures for email account access, conducted additional employee training, and are currently reviewing our policies and procedures relating to data security. In an abundance of caution, we are also notifying potentially affected individuals, including you, so that you may take further steps to best protect your personal information, should you feel it is appropriate to do so.

Although we are not aware of any actual or attempted misuse of information as a result of this event, as a safeguard, we have arranged for you to enroll, at no cost to you, in an online credit monitoring service (*myTrueIdentity*) for <<Credit Monitoring Months>> months provided by TransUnion Interactive, a subsidiary of TransUnion®, one of the three nationwide credit reporting companies.

- If you do not have access to the Internet and wish to enroll in a similar offline, paper-based credit monitoring service, via U.S. Mail delivery, please call the TransUnion Fraud Response Services toll-free hotline at 1-855-288-5422. Steps You Can Take to Protect Against Identity Theft and Fraud

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

Allen, TX 75013

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended “fraud alert” on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended “fraud alert” on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
