**IMPORTANT INFORMATION
PLEASE REVIEW CAREFULLY**

November 19, 2020

Dear [REDACTED]:

I am writing with important information regarding a recent security incident. The privacy and security of the personal information we maintain is of the utmost importance to AspenPointe. We wanted to provide you with information about the incident, explain the services we are making available to you, and let you know that we continue to take appropriate measures to protect your information.

We recently discovered unauthorized access to our network occurred between September 12, 2020 and approximately September 22, 2020. We immediately launched an investigation in consultation with outside cybersecurity professionals who regularly investigate and analyze these types of situations to analyze the extent of any compromise of the information on our network. Based on our comprehensive investigation and document review, which concluded on November 10, 2020, we discovered that your full name and one or more of the following were removed from our network in connection with this incident: date of birth, Social Security number, Medicaid ID number, date of last visit (if any), admission date, discharge date, and/or diagnosis code.

To date, we are not aware of any reports of identity fraud or improper use of your information as a direct result of this incident. Nevertheless, out of an abundance of caution, we wanted to make you aware of the incident, explain the services we are making available to help safeguard you against identity fraud, and suggest steps that you should take as well. To protect you from potential misuse of your information, we are offering you complimentary identity theft protection services through IDX which includes 12 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. For further information on IDX identity protection, including instructions on how to activate your one-year membership, please see the additional information provided in this letter.

This letter also provides other precautionary measures you can take to protect your personal information, including placing a Fraud Alert and/or Security Freeze on your credit files, and/or obtaining a free credit report. Additionally, you should always remain vigilant in reviewing your financial account statements and credit reports for fraudulent or irregular activity on a regular basis. To the extent it is helpful, we have also provided information on protecting your medical information on the following pages.

Please accept our apologies that this incident occurred. We are committed to maintaining the privacy of personal information in our possession and have taken precautions to safeguard it. We continually evaluate and modify our practices and internal controls to enhance the security and privacy of your personal information. Since the incident, we have forced password changes, implemented additional endpoint protection, increased monitoring, and implemented firewall changes, among other things.

If you have any further questions regarding this incident, please call our dedicated and confidential toll-free response line that we have set up to respond to questions at [REDACTED]. This response line is staffed with professionals familiar with this incident and knowledgeable on what you can do to protect against misuse of your information. The response line is available Monday through Friday, 7 a.m. to 7 p.m. Mountain Time.

Sincerely,

AspenPointe

– OTHER IMPORTANT INFORMATION –

1. Enrolling in Complimentary 12-Month Credit Monitoring.

1. Website and Enrollment. Go to [REDACTED] and follow the instructions for enrollment using your Enrollment Code provided at the top of this letter.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at [REDACTED] to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

Please note the deadline to enroll is February 19, 2021.

2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary 12 month credit monitoring services, we recommend that you place an initial one-year “Fraud Alert” on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

Equifax

P.O. Box 105069
Atlanta, GA 30348
www.equifax.com
1-800-525-6285

Experian

P.O. Box 2002
Allen, TX 75013
www.experian.com
1-888-397-3742

TransUnion LLC

P.O. Box 2000
Chester, PA 19016
www.transunion.com
1-800-680-7289

3. Consider Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “Security Freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348
<https://www.freeze.equifax.com>
1-800-349-9960

Experian Security Freeze

P.O. Box 9554
Allen, TX 75013
<http://experian.com/freeze>
1-888-397-3742

TransUnion Security Freeze

P.O. Box 2000
Chester, PA 19016
<http://www.transunion.com/securityfreeze>
1-888-909-8872

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

6. Protecting Your Medical Information.

We have no information to date indicating that your medical information involved in this incident was or will be used for any unintended purposes. As a general matter, however, the following practices can help to protect you from medical identity theft.

- Only share your health insurance cards with your health care providers and other family members who are covered under your insurance plan or who help you with your medical care.
- Review your "explanation of benefits statement" which you receive from your health insurance company. Follow up with your insurance company or care provider for any items you do not recognize. If necessary, contact the care provider on the explanation of benefits statement and ask for copies of medical records from the date of the potential access (noted above) to current date.
- Ask your insurance company for a current year-to-date report of all services paid for you as a beneficiary. Follow up with your insurance company or the care provider for any items you do not recognize.
