Dear <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>,

KB Administrators, Inc. ("KB") works with companies, including <<b2b\_text\_1(DataOwner)>>, as a third-party benefits administrator. KB is writing, at the request of <<b2b\_text\_1(DataOwner)>>, to notify you of a recent event that may affect the security of some of your personal information. While, to date, we have no evidence that your information has been misused, we are providing you with information about the event, our response to it, and resources available to you to help protect your information, should you feel it appropriate to do so.

**What Happened?** KB recently became aware of unusual activity involving a single employee email account. We immediately began an investigation and worked quickly to assess the security of the email account. With the assistance of third-party computer specialists, on March 19, 2020, we determined that the employee email account had been accessed at varying times between March 6, 2020 and March 9, 2020 without authorization.

We reviewed the contents of the email account to determine whether sensitive information was present at the time of the incident. Through this review we determined that some of your information was present in the involved email account. To date, KB is unaware of any actual or attempted misuse of your information as a result of this incident.

**What Information Was Involved?** The investigation determined that at the time of the incident, the email account contained your <<b2b\_text\_2(ImpactedData)>>. Please note that while our investigation did not reveal evidence that your information was actually viewed by the unauthorized actor, we are providing you this notice to ensure you are aware of this incident.

**What Is KB Doing?** Information, privacy, and security are among our highest priorities. KB has strict security measures in place to protect information in our care. Upon learning of this incident, we moved quickly to investigate and respond to this incident and confirm the security of relevant systems. Our response included initiating a password reset, reviewing the contents of the email account for sensitive information, and notifying business partners associated with that sensitive information.

As part of our ongoing commitment to the security of information we are reviewing and enhancing existing policies and procedures and conducting additional workforce training. Although we are unaware of any actual or attempted misuse of your information as a result of this incident, we are offering you access to identity monitoring services through Kroll for twelve (12) months at no cost to you as an added precaution.

**What You Can Do.** We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity for the next twelve (12) to twenty-four (24) months. You may review the information contained in the attached "Steps You Can Take to Help Protect Personal Information." You may also activate to receive the identity monitoring services we are making available to you through Kroll. KB will cover the cost of this service; however, you will need to activate yourself in this service.

**For More Information.** We recognize that you may have questions not addressed in this letter. If you have additional questions, please call our dedicated assistance line at 1-844-989-2770 (toll free), Monday – Friday, 8:00 a.m. to 5:30 p.m., Central Time. ### Monitor Your Accounts

In addition to enrolling in the complimentary services detailed above, we encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity and to detect errors. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a "security freeze" on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended "fraud alert" on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
