Notice of Data Security Incident

Dear <<First Name>> <<Last Name>>:

We are writing to inform you of a data security incident experienced by Acceler8 LLC (“Acceler8”) that may have impacted a limited amount of your personal information, including your name and Social Security number. Acceler8 is a certified public accounting firm located in Tempe, Arizona. We may have received your information if you, your family member, or your employer received CPA or other professional services from us. Acceler8 takes the privacy and security of your information seriously and sincerely apologize for any concern or inconvenience this may cause you. This letter contains information about steps you can take to protect your information and resources we are making available to help you.

What happened?

On April 1, 2020, Acceler8 became aware of suspicious activity associated with one of its corporate email accounts, and immediately began investigating. Our investigation confirmed that one email account was accessed by an unauthorized individual. Unfortunately, Microsoft Office does not log what, if any, emails or attachments stored in the email account were accessed by the individual. Therefore, out of an abundance of caution, we conducted a thorough review of the email account for any personally identifiable information. On May 15, 2020, we learned that your information was present in the email account, so we wanted to notify you of this incident. Any information you may have transmitted to us through our secure online portal was unaffected and remains secure.

What information was involved?

Based on our review, it appears that your name and Social Security number were found in the affected email account. As stated above, we have no evidence that the unauthorized individual viewed, opened, or downloaded any emails or documents containing your information from the affected email account, but we wanted to let all potentially impacted individuals know about this incident.

What we are doing:

We have arranged for you to receive credit monitoring and identity restoration services at no cost. Please follow the instruction in this letter to enroll in these services. Acceler8 has also taken steps to prevent a similar incident in the future. Immediately after discovering the suspicious activity, we changed the password and have enabled additional security controls to protect our email environment.

What you can do:

We are not aware of any evidence that your information was misused by the unauthorized individual. However, as a safeguard, we are offering identity theft protection services through ID Experts®, the data breach and recovery services expert, to provide you with MyIDCare™. MyIDCare services include: 12 months of Credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed ID theft recovery services. With this protection, MyIDCare will help you resolve issues if your identity happened to be compromised.

We encourage you to contact ID Experts with any questions and to enroll in free MyIDCare services by calling **(800) 939-4170** or going to <https://app.myidcare.com/account-creation/protect> and using the Enrollment Code provided above. MyIDCare experts are available Monday through Friday from 6 am – 5 pm Pacific Standard Time. Please note the deadline to enroll is September 22, 2020.

If you receive a fraudulent deposit from the IRS into your bank account, the IRS has recommended the following:

1. Do not spend this money, as it must be returned to the IRS.
2. Contact your bank's fraud department and let them know that the money was deposited as a result of a fraudulent tax filing, and that the deposit should be reversed as soon as possible.
3. Do not return the money by check. The most reliable way for the money to be returned and credited to you is to instruct your bank to reverse the deposit.
4. If you have any issues with your bank and the return of the money, please contact our office.

Additionally, if you know or suspect you are a victim of tax-related identity theft, the IRS recommends the following steps:

- Respond immediately to any IRS written notice. **The IRS will not contact you via phone.**
- If you received a Letter 4883C from the IRS indicating that they received a suspicious tax return with your name on it, you should follow the instructions on that letter to verify your identity with the IRS. Once you verify your identity, you can advise the IRS that you did not file the suspicious tax return. Additionally, you may be asked to file a paper return for the current filing season.
- If you believe you may be a victim of tax fraud but have not received a Letter 4883C from the IRS, you should fill out and submit IRS Form 14039, which is available at IRS.gov. I can provide you with a copy of that form and assist you with filling it out if you would like. If you plan on filing on extension, please contact me for more information.

If you previously contacted the IRS and did not have a resolution, contact the IRS for specialized assistance at 1-800-908-4490. The IRS has teams available to assist. You should also visit <https://www.irs.gov/individuals/how-irs-id-theft-victim-assistance-works> for more information.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. It is always a good idea to review and monitor your credit card and bank statements and immediately report suspicious activity to your financial institution. Additional information about protecting your identity is included in this letter, including recommendations by the Federal Trade Commission regarding identity theft protection and details on how to place a fraud alert or a security freeze on your credit file.

For more information

If you have any questions or concerns, please call (800) 939-4170 Monday through Friday from 6 am – 5 pm Pacific Standard Time. Your trust is our top priority, and we deeply regret any inconvenience or concern that this matter may cause you.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Johnston". The signature is fluid and cursive, with the first name "Mike" being more prominent than the last name "Johnston".

Recommended Steps to help Protect your Information

- 1. Website and Enrollment.** Go to <https://app.myidcare.com/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.
- 2. Activate the credit monitoring** provided as part of your MyIDCare membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, MyIDCare will be able to assist you.
- 3. Telephone.** Contact MyIDCare at **(800) 939-4170** to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.
- 4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in MyIDCare, notify them immediately by calling or by logging into the MyIDCare website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000

www.alerts.equifax.com

www.experian.com

www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

California Residents: Visit the California Office of Privacy Protection (<http://www.ca.gov/Privacy>) for additional information on protection against identity theft.
