Dear Parent(s) or Guardian(s) of [REDACTED]:

We are writing to inform you about an incident potentially involving some of your child's information maintained by School District Six. This notice pertains to the cyber extortion threat that Columbia Falls experienced in September 2017.

Upon learning of the extortion threat, the District notified law enforcement, launched an investigation, and retained a leading computer security firm to assist in the investigation. On January 31, 2018, the District concluded its investigation into the nature and extent of the incident as it related to students' information, including the identification of potentially affected students, as a result of unauthorized access to a District server as part of the cyber extortion incident.

The District Administration Office maintained a database containing certain student records that included your child's name and health-related information associated with their Individualized Education Program or visit to the District nurse's office. The forensic investigation could not rule out the possibility that the perpetrators were able to access this database. Note that this incident did not involve your child's Social Security number.

Even though, to date, we have no evidence that your child's information in the database containing student records was accessed by the perpetrators, or has been misused as a result of this incident, we are notifying you out of an abundance of caution and assure you that we take this matter very seriously.

We regret any inconvenience or concern this may cause you. The Columbia Falls School District is committed to protecting the security and confidentiality of our students' personal information, and we are continuing to take steps to strengthen the security of our systems. We have established a call center to direct you to individuals who have resources to help answer your concerns related to this incident. If you have any questions, please call 1-866-263-4159, Monday through Friday, 7:00 a.m. to 5:00 p.m. Mountain Time.

Sincerely,

Steven Bradshaw
