Dear [REDACTED]:

Re: Notice of a Security Breach

The protection and privacy of your personal information is one of Grande Ronde Hospital's highest priorities. Because of this, I am writing to make you aware of a recent data security incident.

What Happened? On or around March 20, 2020, the PaperlessPay Corporation ("PaperlessPay") notified us of a security incident that it had recently experienced. PaperlessPay is the company that we work with for the provision of online bi-weekly paystubs and W-2 and 1095-C tax forms. According to PaperlessPay, on February 19, 2020, the Department of Homeland Security ("DHS") contacted PaperlessPay and notified it that someone was purporting to sell access to the PaperlessPay client database on the dark web. In response, PaperlessPay shut down its web server and SQL server to prevent unauthorized access. It then worked with the FBI and retained a cybersecurity firm to conduct a forensic investigation. That investigation revealed that someone accessed PaperlessPay's SQL server on February 18, 2020. We have since been working with PaperlessPay to obtain additional information regarding the incident, including what, if any, information may have been acquired. On May 14, 2020, PaperlessPay provided us with a list of people whose information was in the PaperlessPay system. We understand that there is no evidence that the incident resulted in the unauthorized acquisition of any of our employees' personal information, but PaperlessPay also could not definitively rule out the possibility that someone viewed or acquired our employees' information; therefore, we are providing this notification and have arranged for complimentary identity theft protection services for potentially impacted employees.

What Information Was Involved? The PaperlessPay server holds pay stubs and tax forms that contain information, including your name, address, pay and withholdings and Social Security number.

What We Are Doing? We have arranged for a complimentary one-year membership of Experian IdentityWorksSM Credit 3B for all potentially impacted employees. You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps to you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting <http://www.annualcreditreport.com>, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/cra/requestformfinal.pdf>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Contact information for the three national credit reporting agencies for the purpose of requesting a copy of your credit report or for general inquiries, including obtaining information about fraud alerts and placing a security freeze on your credit files, is as follows:

Equifax 1-800-349-9960 www.equifax.com P.O. Box 105788 Atlanta, GA 30348	Experian 1-888-397-3742 www.experian.com P.O. Box 9554 Allen, TX 75013	TransUnion 1-888-909-8872 www.transunion.com P.O. Box 2000 Chester, PA 19022

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least 90 days. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at <http://www.annualcreditreport.com>.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies using the contact information above.

Individuals interacting with credit reporting agencies have rights under the Fair Credit Reporting Act. We encourage you to review your rights under the Fair Credit Reporting Act by visiting www.consumerfinance.gov/f/201504_cfpb_summary_your-rights-under-fcra.pdf, or by requesting information in writing from the Consumer Response Center, Room 130-A, Federal Trade Commission, 600 Pennsylvania Ave. NW, Washington, DC 20580.

This notice was not delayed at the request of law enforcement.
