Hi Kelley:

As a result of many discussions with your office over the last several months regarding the proposed \$10.5 Million gift to assist in providing an inter-professional training facility and program for healthcare students, and an endowment for a related healthcare scholarship/loan forgiveness program, CMC Missoula, Inc. would like to formally withdraw the gift proposal and instead focus on the development of the Community Hospital Legacy Foundation. CMC Missoula is prepared to direct its efforts to use the sale proceeds in a manner that honors the legacy of Community Medical Center, is as consistent with the former mission as possible, and that helps meet the healthcare needs of western Montana on a long-term basis.

Under the circumstances CMC Missoula believes it would be prudent to take some additional time, perhaps 3-6 months, to reassess and re-evaluate the structure of the Foundation and any potential collaborations or affiliations that might help assure CMC Missoula that its long-term healthcare goals for the western Montana healthcare community will be met. CMC Missoula requests that the AGO grant an extension of time for up to six(6) months in order to allow CMC Missoula an opportunity to reassess and refine its proposal for the use of the sale proceeds.

Thank you for your consideration.

Gary B. Chumrau
