Dear <<Name 1>>:

We are writing to inform you of a data security incident, which may have exposed your personal demographic information and Social Security number. We take the security of your personal information seriously and want to provide you with information and resources you can use to protect your information. This letter contains information about the incident and the resources we are making available to you.

What Happened:

On September 23, 2019, our practice was vandalized by an unknown assailant. Numerous items were removed from our facility, including our backup server tape cartridge which contained personal demographic information and your Social Security number. We have discovered no evidence to suggest that your information contained on the tape cartridges has been misused; however, out of an abundance of caution, we are providing you with notice of this event so that you may take the necessary steps to protect your sensitive information.

What We Are Doing:

In light of the compromise, we have conducted a review of our policies and procedures, and have sought to ensure that we have sufficient technology and security measures in place so as to prevent similar instances from occurring in the future. We are also working closely with law enforcement to ensure that the assailants are located. We apologize for any inconvenience this may have caused.

We value the safety of your personal information and are therefore offering identity theft protection services through Epiq which includes TransUnion 1B Credit Monitoring/ID Theft Restoration. This service includes twelve (12) months of credit monitoring, exclusive educational materials and fully managed identity theft recovery services. With this protection, TransUnion 1B Credit Monitoring/ID Theft Restoration will help you resolve issues if your identity is compromised.

What You Can Do:

We have arranged for you to enroll, at no cost, in an online credit monitoring service (*myTrueIdentity*) for one year provided by TransUnion Interactive, a subsidiary of Transunion®, one of the three nationwide credit reporting companies.

To enroll in this service, go to the *myTrueIdentity* website at www.mytrueidentity.com and in the space referenced as "Enter Activation Code" enter the following 12-letter Activation Code <<Activation Code>> and follow the three steps to receive the credit monitoring service online within minutes.

You can sign up for the online credit monitoring service anytime between now and <<Enrollment Date>>. Due to privacy laws, we cannot register you directly. Please note that credit monitoring services might not be available for individuals who do not have a credit file with TransUnion, or an address in the United States (or its territories) and a valid Social Security number. Enrolling in this service will not affect your credit score.

Once enrolled, you will be able to obtain one year of unlimited access to your TransUnion credit report and credit score. The daily credit monitoring service will notify you if there are any critical changes to your credit file at TransUnion, including fraud alerts, new inquiries, new accounts, new public records, late payments, change of address and more. The service also includes access to an identity restoration program that provides assistance in the event your identity is compromised to help you restore your identity.

If you believe you may be a victim of identity theft, please call the TransUnion Fraud Response Services toll-free hotline at 833-947-1402. When prompted, enter the following 6-digit telephone pass code <<Pass Code>> to speak to a TransUnion representative about your identity theft issue.

For residents of Massachusetts: It is required by state law that you are informed of your right to obtain a police report if you are a victim of identity theft.

For residents of all states:

Fraud Alerts: You can place fraud alerts with the three credit bureaus at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The contact information for all three credit bureaus is below:

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, or regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and

(5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a freeze. You may obtain a security freeze by contacting any one or more of the following national consumer reporting agencies:
