Notice of Data Breach

Dear <<MemberFirstName>> <<MemberLastName>>,

We are writing to tell you about a data security incident that may have exposed some of your personal information. We take the protection and proper use of your information very seriously. For this reason, we are contacting you directly to explain the circumstances of the incident.

What happened?

Between February 2016 and December 2016, Aptos, the company that hosts our e-commerce website, experienced an unauthorized accessed by a third-party that affected approximately 40 of their business clients, including Pianoworks. Their system was accessed in a way that allowed the unauthorized third-party persistent access to customer purchase data both during that time period, as well as historical data that pre-dates the incident.

The incident was initially reported to the FBI Cyber Division and the U.S. Department of Justice. Law enforcement asked that Aptos defer notification of this to us until earlier this year. We are now notifying our customers as we have learned of the scope of this incident.

What information was involved?

The unencrypted information involved may have included your name, address, phone number, email address. The encrypted information involved may have included your payment card information, including card type, payment card number, and expiration date.

What we are doing.

In addition to cooperating with FBI Cyber Division and U.S. Department of Justice, Aptos has retained the services of Mandiant, a leading cybersecurity firm, to review the incident and strengthen the e-commerce platform. Several of their recommended security measures have already been initiated. As of this notification, we have no confirmation that any card data has been misused.

To help relieve concerns and restore confidence following this incident, we have secured the services of Kroll to provide identity monitoring at no cost to you for one year. Kroll is a global leader in risk mitigation and response, and their team has extensive experience helping people who have sustained an unintentional exposure of confidential data. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. The credit reporting agencies may charge a fee to place a freeze, temporarily lift it or permanently remove it. The fee is waived if you are a victim of identity theft and have submitted a valid investigative or law enforcement report or complaint relating to the identity theft incident to the credit reporting agencies. (You must review your state's requirement(s) and/or credit bureau requirement(s) for the specific document(s) to be submitted.)

For Massachusetts residents: The fee for each placement of a freeze, temporary lift of a freeze, or removal of a freeze is \$5.
