RE: Notice of Data Breach

Dear <<Name 1>>:

We write to make you aware of an incident that occurred at a third party vendor – Sabre Hospitality Solutions (“Sabre”) – involving unauthorized access to information associated with your hotel reservation(s) made at Rivertide Suites Hotel, Seaside, Oregon. The privacy and protection your information is a matter we take very seriously, and we encourage you to review the information provided in this letter for steps that you may take to protect yourself against potential misuse of your information, should you feel it appropriate to do so.

What Happened? The Sabre SynXis Central Reservations system facilitates the booking of hotel reservations made by individuals through hotels, online travel agencies, and similar booking services. Following an investigation, we were notified on September 6, 2017, that an unauthorized party gained access to account credentials that permitted unauthorized access to unencrypted payment card information, as well as certain reservation information, for a subset of hotel reservations processed through Sabre’s SynXis Central Reservation system. Sabre reports that it has been working with third party forensic investigators to determine what happened and what information may have been accessible. The investigation determined that the unauthorized party first obtained access to payment card and other reservation information on August 10, 2016. The last access to payment card information was on March 9, 2017.

What Information Was Involved? According to Sabre, the unauthorized party was able to access payment card information for your hotel reservation(s). This potentially included your: (1) name; (2) card number; (3) card expiration date; and, (4) your card security code. The unauthorized party was also able, in some cases, to access certain information such as guest name, email, phone number, address, and other information. Some of this information may not have been stored in Sabre’s systems at the time of the incident and may not be affected, but Sabre is unable to confirm whether your information was included and, out of an abundance of caution, we are providing notice to you. Information such as Social Security, passport, or driver’s license number was not impacted by this incident.

What We Are Doing. Since being informed of this incident, Rivertide Suites has been working diligently to determine the full nature and scope of this event and to identify those individuals who may be impacted. We have also verified that Sabre has provided notice of this event to law enforcement and the payment card brands about this incident. Sabre is also reporting that it is taking steps to enhance the security of its systems.

What You Can Do. Please review the enclosed “Steps You Can Take to Protect Your Information” for additional steps you can take to better protect against the potential misuse of your personal information.

For More Information. We understand that you may have questions about this incident that are not addressed in this letter. If you have additional questions, please contact Sabre's dedicated assistance line at 888-721-6305 (toll-free) (Monday through Friday, 24 hours a day) or visit the Sabre website established specifically to help individuals in responding to this incident at www.sabreconsumernotice.com. We sincerely regret any inconvenience or concern this incident has caused you.

Sincerely,

STEPS YOU CAN TAKE TO PROTECT YOUR INFORMATION

Monitor Your Accounts.

Credit Reports. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

Fraud Alerts. At no charge, you can also have these credit bureaus place a “fraud alert” on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any questions regarding your credit report, please contact any one of the agencies listed below:

Equifax
P.O. Box 105069
Atlanta, GA 30348

Experian

Security Freeze. You may also place a security freeze on your credit reports. A security freeze prohibits a credit bureau from releasing any information from a consumer’s credit report without the consumer’s written authorization. However, please be advised that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services. If you have been a victim of identity theft and you provide the credit bureau with a valid police report, it cannot charge you to place, lift, or remove a security freeze. In all other cases, a credit bureau may charge you a fee to place, temporarily lift, or permanently remove a security freeze. Fees vary based on where you live, but commonly range from \$3 to \$15. You will need to place a security freeze separately with each of the three major credit bureaus listed above if you wish to place a freeze on all of your credit files. In order to request a security freeze, you will need to supply your full name, address, date of birth, Social Security number, current address, all addresses for up to five previous years, email address, a copy of your state identification card or driver’s license, and a copy of a utility bill, bank or insurance statement, or other statement proving residence. To find out more on how to place a security freeze, you can use the following contact information:
