Dear <Name>:

What Happened

On April 10, 2017, we learned that an unauthorized individual may have gained access to an employee’s email account. When we learned of this, we immediately secured the email account, reset passwords, and began an investigation.

What Information Was Involved

We conducted a thorough review of the employee’s email account and determined that it may have contained some personal information, including your name, date of birth, Wesleyan ID number, and Social Security number.

What We Are Doing

While we have no reason to believe that your information has been misused in any way, out of an abundance of caution, we are letting you know this happened and assure you we take it very seriously. As a precaution, we are offering a complimentary one-year membership of Experian’s® IdentityWorksSM. This product helps detect possible misuse of your personal information and provides you with identity protection support focused on immediate identification and resolution of identity theft. IdentityWorksSM is completely free and enrolling in this program will not hurt your credit score. Unfortunately, due to privacy laws, we are not able to enroll you directly. Within the next few days we will be sending you an email announcing a meeting where your questions can be answered.

What You Can Do

We encourage you to take advantage of the identity theft protection services being offered. For more information on IdentityWorksSM and instructions on how to activate your complimentary one-year membership, please see the next page of this letter. Identity Restoration assistance is immediately available to you.
